

Dust N Drill is a smart cleaning janitorial and handyman services company that focuses on delivering premium services in the Washing DC metropolitan area. Our services are built to fit our client's needs. We know that cleaning and handyman services are essential to the health of your workspace. Dust N Drill provides trained and professional staff that continually improve their skills to maximize the health and wellness of your facility and employees. Excellence is the benchmark against which we measure ourselves for office cleaning, business cleaning, commercial and janitorial cleaning, disinfecting, covid-19 sanitizing sprays, and building maintenance.

Our Mission is to be the leading provider in janitorial and handyman services. Our focus is satisfaction delivered to our clients through Competency, Integrity and Professionalism. We take pride in creating and maintaining long lasting relationships with our Business partners.

Partnering with KRUZR, a robotic company, DustnDrill provides a Smarter Cleaning and Sterilizing company using sterilizing robots, sterilizing bulbs and air vent panels. These not only enhance the technical skillsets of employees but provides innovation and healthier green cleaning and sterilization methods for our world.
